**1. BASIS OF PRESENTATION**

The unaudited interim consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles for interim financial information. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for audited financial statements. In the opinion of management, all adjustments (consisting of normal and recurring accruals) considered necessary for fair presentation have been included. Operating results for the nine month period ended September 30, 2006 are not necessarily indicative of the results that may be expected for the year ended December 31, 2006.

The interim consolidated financial statements have been prepared by management in accordance with the accounting policies described in the Company's annual consolidated financial statements for the year ended December 31, 2005. For further information, refer to the consolidated financial statements and footnotes thereto included for the year ended December 31, 2005.

**2. NATURE AND CONTINUANCE OF OPERATIONS**

The Company was incorporated under the *Company Act* (British Columbia) on February 21, 2003. The Company is a provider of Linux-based embedded system technologies and solutions for the consumer electronics industry and the intelligent appliance market.

On September 19, 2003, the Company completed a share exchange with Empower Technologies, Inc. ("Empower US"). Sufficient common shares of the Company were issued so that a controlling interest of the Company passed to the former shareholders of Empower US. These consolidated financial statements are a continuation of the financial statements of the accounting acquirer, Empower US, and not the Company, the legal parent.

These consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation. The continuing operations of the Company are dependent upon its ability to continue to raise adequate financing and to commence profitable operations in the future.
